EDUCATION

Iowa State University – Ames, IA

Anticipated: May 2028

Bachelor of Engineering - Mechanical Engineering

PROFESSIONAL EXPERIENCE

Project Engineer Intern | Premier Tech | Johnston, IA

May 2026 – August 2026

- Modeled fabrication parts, load-bearing structure, spouting, dust pipe, and various other assemblies within Revit and SolidWorks for integration of Premier Tech and 3rd party equipment
- Drafted technical drawings for fabrication shops, and on-field team based on project requirements
- Produced 3D scans of various industrial sites for equipment integration

Project Engineer Intern | Keen Project Solutions | Ankeny, IA

May 2025 – August 2025

- Coordinated agricultural construction projects for Corteva Agriscience and AC Grain, contributing to on-time, budget-compliant delivery.
- Prepared project safety plans, tracked project milestones along with RFI/submittal statuses using Procore to maintain schedule and quality control.
- Collaborated with cross-functional teams (field crews, suppliers, engineers, and clients) to resolve project challenges and align work with engineering specifications.
- Communicated progress and technical updates to clients, improving transparency and client satisfaction.

LEADERSHIP & INVOLVEMENT

President | Cyber Robotics (Vex VRC)

April 2026 – Present

- Lead all executive operations, coordinate all internal and external communications, and drive strategic planning, meetings, outreach, and organization growth.

Mechanical Team Lead | Cyber Robotics (Vex VRC)

December 2024 – Present

- Lead mechanical sub team of 20+ members, overseeing CAD development, robot manufacturing, pneumatic/sensor integration, and assembly workflow.

Executive Competition Director | Cyber Robotics (Vex VRC)

August 2025 – April 2026

- Coordinated competition logistics, travel planning, university compliance, and event operations to ensure seamless team performance.

New Member Educator & Member | Triangle Fraternity (STEM)

August 2025 – May 2026

- Designed and taught the onboarding curriculum for 35+ new members, improving retention and academic performance.

Projects

6-Axis Robotic Arm | Personal Project

April 2026 – Present

- Design, build, and program a 6-Axis robot capable of object manipulation and 6-axis 3D printing capabilities
- Developed a custom 20:1 cycloidal drive for NEMA 17 motors to maximize torque efficiency and power transmission

SKILLS

- **CAD/CAM** – SolidWorks, Inventor, Fusion 360, Revit, Cyclone 360; 3D-Printing (Bambu, Creality)
- **Programming** – C++, Python; Programming Algorithms (Pid, Odometry, Sensor Macro Control)
- **Interpersonal** – Team Leadership, Technical Communication, Problem Solving, Attention to Detail

CERTIFICATIONS

- **Procore** – Project Management & Project Management Core Tools Certification
- **OSHA 10** – Occupational Safety and Health Certification
- **EPA** – Section 608 Technician Certification
